Joe Driskill
Executive Director
Leonard Wood Institute
197 Replacement Avenue
Fort Leonard Wood, MO 65473

Dear Mr. Driskill:

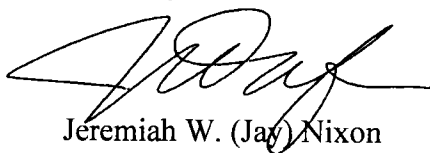

I am writing to invite you to serve as a member of the Steering Committee that will be working to develop a comprehensive State Energy Plan for Missouri.

Clean, reliable, affordable and abundant energy is critical to the health and welfare of Missouri citizens and to moving Missouri's economy forward. With your expertise, knowledge and interest in Missouri's energy issues, your participation will help chart a course toward a sustainable and prosperous energy future that will create jobs and improve Missourians' quality of life.

Pursuant to the Executive Order I issued in June, the Division of Energy will be gathering input from the public and energy stakeholders at public meetings throughout the state. Utilizing this public input, the Steering Committee will work with the Division of Energy to identify policies for meeting Missouri's short-term and long-term energy needs. The Division of Energy will provide this State Energy Plan to me by May 31, 2015.

I look forward to working with you on this important endeavor and ask that you reply to my Director of the Division of Energy, Lewis R. Mills, at 573-751-2254 or Lewis.Mills@ded.mo.gov by Monday, September 15, confirming your participation on the Steering Committee.

Sincerely,

Jeremiah W. (Jay) Nixon
Governor
