

The Fort Leonard Wood Region

STRENGTHENING OUR NATIONAL DEFENSE

in America's Heartland

- ◆ Fort Leonard Wood (FLW) is the home of the U.S. Army Engineer; Chemical, Biological, Radiological, and Nuclear and Military Police Schools; the U.S. Army Motor Transport Operator Course; Basic Combat Training; 102nd Training Division; Missouri's 35th Engineer Brigade, U.S. Army Corps of Engineers' Prime Power School; the largest Marine Corps detachment and Air Force squadron on any Army installation, as well as a large Navy construction detachment.
- ◆ A premier Army Training Center of Excellence, FLW trains approximately 75,000 active duty service members, 15,000 reserve component and tenant unit service members, and over 400 international students annually.
- ◆ The 4-county FLW Region's quality of life attributes are highlighted by high performing K-12 public schools, including \$142 million in public school renovations and new construction; access to quality healthcare & a new 250,000 sq. ft. hospital complex that will open in 2025; public airport with daily commercial jet service located on FLW; safe, affordable, quality housing; and an overall low cost of living.

FORT LEONARD WOOD, MISSOURI

2023 Commander in Chief's Annual Award for Installation Excellence
